## **A. School Information**

### **1. School Motto and Mission**

The fear of the Lord is the beginning of wisdom

The school is managed by the St. Paul's College Council which is a body incorporated by the special ordinance. The mission of the School as stated in the ordinance is: the offering to Hong Kong students of a modern, liberal education founded upon Christian principles, Protestant and Evangelical, as professed by the Sheng Kung Hui.

### **2. College Council**

The College Council is established under the St. Paul's College Council Incorporation Ordinance. There are sixteen members in 2013-2014.

### **3. Class Structure**

St. Paul's College Primary School is a whole-day primary boys' school affiliated to St. Paul's College, both under the Direct Subsidy Scheme. There are 6 levels from Junior Class 1 to Junior Class 6, with 3 classes at each level. The number of pupils on roll in September 2013 stood at 579.

### **4. Facilities**

<b>Victoria Road Campus (since 7 Jan 2013)</b>	
<b>Room / Venue</b>	<b>Number</b>
Classroom	24
Small-class Teaching Room	5
Playground	3
Music Room	2
Visual Arts Room	2
Language Room	2
Computer Room	2
Campus TV Studio	1
Assembly Hall	1
Library	1
Multi-purpose Area	1
Chapel	1
General Studies Room	1
Parent Resource / Scout Room	1
General Office	1
Staffroom	1
Conference Room	1
Counselling Room	1
Car Park	1 (accommodation: 28 nanny buses)

## **B. Achievements and Reflection on Major Concerns**

### **1. Improve teaching and student learning**

1.1 To enhance quality capabilities for e-learning, and teaching and learning

1.1.1 The Campus TV Room was newly renovated and started its operation.

1.1.2 A new school website was launched.

1.1.3 The telephone and security systems were fine-tuned to better suit our needs.

1.2 To uphold the quality of student learning in all areas

1.2.1 The Chinese curriculum using Putonghua as the medium of instruction was reviewed. Pinyin skills and knowledge was strengthened to lay a good foundation for JC1 to JC3 students and prepare them for learning Chinese in Putonghua in full scale in JC4.

1.2.2 Pull-out, small-class teaching in Chinese and Mathematics was practised. Both teachers and students benefited from this strategy.

1.2.3 Students across most levels were streamed in Enrichment/Remedial groups in both English and mathematics lessons.

1.2.4 In the second term, JC6 English teachers developed two school-based projects, namely Robin Hood Project, which was piloted in 2011-12, and Space Quest Project, piloted in 2012-2013. Students were more motivated to learn English in these projects.

1.2.5 English as the medium of instruction (EMI) was adopted in most topics, except Chinese Music, of JC 6 music curriculum to foster a better link between music curricula of both the College and Primary School.

1.2.6 The Gifted Education Section of the Education Bureau came to observe our GS lessons and had several sharing sessions with GS teachers.

1.3 To strengthen project learning in all subject areas

1.3.1 Peer assessment and self assessment in project learning were reviewed and improved.

1.3.2 Project presentation and display were strengthened.

#### 1.4 To strengthen self-regulated learning

- 1.4.1 The goal-setting and progress checking programmes in all subject areas were reviewed and improved.
- 1.4.2 Students were provided with access to learning materials and extended study activities through the Intranet. Useful links were also added to strengthen self-regulated learning.
- 1.4.3 The CCA programmes were improved and restructured. Self-initiated training programmes in basketball, table tennis, science, singing and string ensemble were piloted for JC 4-6 students. Feedback from students participating in these 5 classes was particularly positive.

#### 1.5 To implement a 5-year gifted education Programme

- 1.5.1 The Gifted Education Focus Group was established to plan, implement, co-ordinate, monitor and assess all the school-based gifted development programmes.
- 1.5.2 The Gifted Education Manual was in place.
- 1.5.3 Whole-class enrichment operation model (\*Level 1A – see Appendix: Three-tiered Implementation Model) was implemented. Higher-order thinking questioning was used in the lesson, problem solving and critical thinking skills were strengthened to arouse students' thinking and expand their scope of learning.
- 1.5.4 Whole-class domain-focused model (\*Level 1B) was implemented. The Enhancement and Remedial Programme in English, Chinese and mathematics was reviewed. Students were carefully screened to enter the respective programme.
- 1.5.5 Pull-out programmes of generic nature (\*Level 2A) were arranged.
- 1.5.6 Pull-out programmes for students with specific talents (\*Level 2B) were arranged.
- 1.5.7 Off-site individualised support for the exceptionally gifted (\*Level 3) was arranged.

#### 1.6 To continue to foster good reading habits

- 1.6.1 A well furnished library, which can house more books and periodicals, has been in operation since school relocation.

1.6.2 A new feature, the Reading Castle, was constructed at one end of the library to utilise the space and to attract more students to visit the library.

1.6.3 Use of class library cabinets was encouraged. New books are added annually.

1.6.4 Well-known authors of children's literature were invited to give talks to students to promote reading and to recommend books.

1.7 To keep teachers abreast of educational development

1.7.1 Two Senior Teachers attended courses for middle management.

1.7.2 Seven sessions of group training for all teachers were arranged by the school, with diverging topics from quality lesson teaching to practical legal knowledge for teachers.

1.7.3 Teachers suggested a more diversified delivery of staff development programmes in the stakeholder surveys. Various modes of education-related programmes for teachers would be piloted, implemented and further evaluated in coming school years.

## **2. Strengthen student support**

2.1 To strengthen students' sense of responsibility at home, in school, in the community, in their own country and in the world

2.1.1 The second cycle of the whole school guidance programme Phase 5 – Embrace the World was completed. All goals were attained.

2.2 To strengthen class management and care given to students

2.2.1 The double class teacher system was implemented in JC1 – 4 to provide students, especially the younger ones, with better care and guidance.

2.3 To enhance teaching staff's capability in catering for special educational needs (SENs) of students

2.3.1 Teachers were provided with necessary training opportunities in catering for SENs of students.

2.3.2 2 teachers completed courses on education of students with SENs.

2.3.3 2 more teachers would be nominated to join SEN-related courses in 2014-15.

### **3. Sustain School improvement / development in line with Primary School expansion plan from 18 to 24 classes.**

#### 3.1 Quality assurance in all aspects of the School

3.1.1 School Self-Evaluation (SSE), incorporating stakeholder surveys, was completed. The survey results including feedback from staff, students and parents, were highly satisfactory.

#### 3.2 Good maintenance of the new school campus and its facilities

3.2.1 Classrooms on 6/F and the second set of special rooms, together with the chapel and the GS Room, on the same floor were in use this year. All rooms of the new campus were fully utilised.

3.2.2 Fitting out works and defects rectifications were in progress. Trees planted inside the campus and along the slope were closely monitored.

3.2.3 Funds were kept in the Reserve for Construction, Maintenance and Upgrading of Above-standard Facilities for future construction of the swimming pool.

3.2.4 Alteration and Additional (A&A) works, including reception area of the General Office, G/F lavatories, Tuckshop Area, were completed in the beginning of this school year.

3.2.5 The problem of ponding and flooding persisted. A temporary rain shelter was added at Middle Staircase in May 2014. However, the school is due to come up with a solution to solve the problem in the long run.

#### 3.3 Expansion of school size from 18 classes to 24 classes

3.3.1 The School Dedication and Opening Ceremony and the Gala Dinner were successfully held on 9 November and 15 November. Funds were raised and earmarked for the future development of the school.

3.3.2 Application to expand the school size was sent in January 2014 the fourth time but was formally disapproved by the Education Bureau. 96 students will be admitted in JC1 for application in the academic year of 2015-16. Application for school expansion will be sent to the Bureau again one year later.

## **C. Our Learning and Teaching**

### **1. Curriculum Development**

The Enhanced Education Programme has become an integral part of our curriculum plan. To enrich the learning experience of our gifted learners, higher order thinking approach was adopted across learning disciplines. The extended activities and training programmes have been previewed and evaluated to cater for the learning needs of our boys.

To better cope with students' different learning needs, we have practised pull-out teaching in various subjects this year. Subject teachers worked collaboratively in enriching lesson planning and facilitating student learning in the lessons. Both teachers and students benefited from this new strategy.

Curriculum improvement continued to be a crucial part. Throughout the year, our Curriculum Development Mistress visited classes on a regular basis, with an aim to make teaching and learning more effective. We continued our enrichment programme in Chinese, English and Mathematics across various levels by "small class teaching". Boys were streamed and had lessons in relatively smaller groups once every week in order that the learnt material could be enhanced and consolidated.

Since September 2006, our J.C. 4 boys have started learning Chinese in Putonghua. Putonghua continued to be the medium of instruction in the teaching of Chinese in J.C. 4 to J.C. 6 in our school. We carefully monitored the performance of the boys both in the daily lessons and in assessments. With the help of two native-speaking Putonghua teachers in the lessons and extended activities, we found that students were more and more interested and confident in using Putonghua inside and outside the classroom.

Project learning has always been a core element in the learning of general studies. GS teachers actively participated in various seminars and sharing sessions to improve learning and teaching of the subject. This year, the Gifted Education Section of the Education Bureau came to observe our GS lessons and had several sharing sessions with us. In addition, students were encouraged to take part in different types of contests related to general studies, especially in environmental protection, history and science. In January, we obtained the Best Eco-Model Design Award in Creative Eco-Model Tournament 2014. In May, to align with this year's whole school counselling approach "Embrace the World", a big group of students, parents and teachers visited Singapore for a cultural exchange tour. Students had a precious opportunity to visit Mayflower Primary School and learnt about cultural diversity in the lion city.

Music teachers continued to carry out the "Enhanced Music Programmes", with an aim to stream

students into various vocal, choral and instrumental training activities. “Creativity Workshop” was incorporated into the curriculum to foster creative and appreciative skills among our boys.

Christian ethics continued to be the foci of the religious education curriculum. The Headmistress, a few teachers and prefects joined two Education Sundays respectively at St. Stephen’s Church in September and St John's Cathedral in January. To cultivate a sense of love and care among the boys, the School continued to join the St. John’s Cathedral Grand Raffle Ticket Sale, and the “Blessed Food” Short-term Food Assistance Service Project. More J.C. 4 to 6 boys were trained to be lay readers and hymn leaders this year to lead the prayers and hymn singing to praise the Lord.

The Visual Arts Department aims to provoke students’ interest in the subject through carrying out learning activities for different levels, such as kite making and flying workshop for families of J.C. 1 and 2, Shadow Puppet Play performed by J.C. 3 and 4 for J.C. 1 and museum visits for J.C. 3, 5 and 6 boys.

We aim to provide quality teaching and an ever-improving curriculum tailor made for our children in an all-round education setting.

## **2. Outreach Programme**

In addition to the mainstream curriculum, our outreach programme is an integral part of school life. With the theme of “Healthy Living” , we invited various agencies to hold a series of learning activities related to personal health, environmental protection, arts, food hygiene, etc. The programmes help educate our students to lead a healthy way of living. It comprises talks, camps, study tours, educational visits and extra-curricular activities. The boys feel proud of being members of the Senior or Junior Choir, Instrumental Groups, Sports Teams, Choral Speaking Teams, Mathematics Challenge Group, Science Workshop, Go Team, Christian Fellowship, Chinese Calligraphy Group, Fencing Team, Campus TV Crew or Service Groups (CYC, Cub Scouts, Road Safety Patrol).

To further develop the boys’ multiple intelligences, since September 2004, we have included a co-curricular activities programme in our timetable. This programme enables the boys to learn different life skills through games and a "book-free curriculum". This year, we piloted the "Self-Enhanced Programmes" for the elites and interested students in different learning disciplines such as Science, basketball, table tennis, string and voice training. Feedback from the participating students is particularly positive.

An authentic language context is conducive to one's learning. During recesses, language teachers held a variety of Putonghua and English activities for our boys.

Every Friday, students were encouraged to communicate in Putonghua when they played various chess games at our Chinese Culture Room during the third recess. It aims to help all students brush up their Putonghua skills through games.

The English ambassadors hosted the games and encouraged their fellow students to speak as much English as possible. The ambassadors read English stories to J.C. 2 students to arouse their interest in children's literature. In the song singing activity, J.C. 1 boys learnt different English tunes from the ambassadors. They understood the lyrics and did gesture for the songs. Students who are keen on board games would join another lunch activity with the ambassadors.

### **3. Discipline and Student Guidance**

The Hong Kong Federation of Youth Groups provided guidance and counselling service for our boys for the eighth year. Our Student Guidance Counsellor conducted talks and workshops in the Growth lessons for students and organised a series of seminars for teachers and parents. Each seminar focused on a different problem encountered by teachers and parents. The seminars were well received, and after the seminars, follow-up service was rendered to individual parents according to their needs.

To render support in catering for learner diversity, we worked hand in hand with ENT Laser Hearing & Speech Therapy Centre to provide speech training, the Boys' & Girls' Clubs Association of Hong Kong to run the Understanding Adolescence Programme and HK EP Services Centre Ltd to conduct assessments and follow-up activities. Special homework and assessment policies were in place and reviewed every year in order that the boys who had special needs would be well accommodated.

The second cycle of our whole school guidance approach "Embrace the World" was launched. The Discipline and Guidance team implemented a series of activities to arouse students' interest in cultures of different countries. With an aim to instil a "world view" in students' minds, the programme this year has helped them see clearly the importance of caring for the Earth, to appreciate and respect different cultures.

#### **4. Service**

In late March, seventy-eight boys (Paul's Ambassadors), three parent volunteers and six staff members from the College and Primary School went on a learning trip – Paul's Action – in Qing Yuan, China. This year, we also invited thirteen Form 4 students, who are our Primary School graduates, from the College to join us. Five social workers from YWCA helped organise the trip. We visited Jiu Long this year and stayed in village homes. We made friends with the children there, had lessons and played games with them. We donated sports equipment to the school and blankets to the host families. We also made a donation to help thirty-two needy students in that school. It is our hope that the Paul's Ambassadors may learn to lead a fuller life by sharing with and serving others.

As in previous years, our boys were encouraged to serve the community, to show love and care to the needy people around us. Taking part in activities as diverse as "Community Chest" Dress Casual Day, flag days, flower sales and collecting "Lai See" for the needy allowed them to understand community needs and how they can help. In December, the Student Voluntary Group visited Hong Kong Red Cross John F. Kennedy Centre and spent a happy and meaningful afternoon with the disabled children in the primary section. In this, we were grateful that we always have unfailing support from parents. This was the seventh year the school had been presented the Gold Award by the Social Welfare Department, for a total of 10,596 hours of community service done by the boys and their parents.

#### **5. Development in Information Technology**

Facilities of I.T. underpin quality teaching and learning activities at school. Besides upgraded facilities including the optical fibre, WIFI Network, CCTV Systems, classroom computers and projectors, the Campus TV Room was newly renovated and started its operation to record every moment of students' wonderful life at school. Moreover, our new website was launched while the telephone and security systems were also fine-tuned to better suit our needs. For urgent matters that require prompt attention from parents, messages were sent via the school website and Short Message System (SMS).

## 6. Staff Development

In order to keep themselves abreast of the latest development in learning and teaching, subject knowledge, curriculum planning, information and technology, education policies, etc., teachers attended courses, seminars, workshops, briefing sessions and experience sharing sessions. Apart from engaging themselves in degree awarding courses individually, they participated in training sessions in small groups and as a whole school.

The topics included

### Year of 2013

- August ➤ Sharing Session on Quality Lesson Teaching
- October ➤ Workshop on Narrative Therapy
- December ➤ Sharing on Catering for Diversified Learning Needs

### Year of 2014

- February ➤ Case Studies on Speech and Language Impairment
- March ➤ Staff Development for SKH Primary School Teachers 2013-2014
- April ➤ Workshop on Ink Wash Painting
- April ➤ Workshop on Creativity Strategies in Mathematics
- May ➤ Workshop on Parent Education
- July ➤ ICAC Seminar on Integrity Management
- July ➤ Seminar on Safety Rules and Practical Legal Knowledge for schools

## 7. Student Performance

## D. Financial Summary

ST. PAUL'S COLLEGE PRIMARY SCHOOL  
FINANCIAL SUMMARY ~ 2012-2013

	<b>Government Funds</b>	<b>Non-Government Funds</b>
<b>INCOME</b>		
DSS Subsidy (including government grants not subsumed in the DSS unit rate payable to schools)	60%	N.A.
School Fees	N.A.	39%
Donations, if any	N.A.	0%
Other Income, if any	N.A.	1%
<b>Total</b>	60%	40%
<b>EXPENDITURE</b>		
Staff Remuneration	65%	
Operational Expenses (including those for Learning and Teaching)	24%	
Fee Remission / Scholarship (~) (*)	3.0%	
Repairs and Maintenance	1.5%	
Depreciation	6.5%	
Miscellaneous	0%	
<b>Total</b>	100%	
<b>Surplus/Deficit for the School Year</b>		
	1.5 months of the annual expenditure	
<b>Accumulated Surplus/Deficit in the Operating Reserve as at the End of the School Year</b>		
	5 months of the annual expenditure	

(~) The % of expenditure on fee remission/scholarship is calculated on the basis of the annual overall expenditure of the school. This % is difference from that of the fee remission/scholarship provision calculated on the basis of the school fee income as required by the Education Bureau, which must be no less than 10%.

*It is confirmed that our school has set aside sufficient provision for the fee remission / scholarship scheme according to Education Bureau's requirements.*
